

Curve Cubicle Range

A contemporary cubicle system designed to bring a softer, more modern aesthetic to high-traffic, leisure washrooms.

Features

- Curved aluminium pilasters
- Fabricated from CGL material
- Powder coated ironmongery to match or contrast laminate

enquire about this range

Curve is designed for active leisure environments that need facilities to look great while standing up to constant use.

Instead of the usual straight-edged cubicle design, Curve introduces smooth, rounded pilasters that instantly soften the look of the washroom—bringing a friendlier, more contemporary feel to gyms, leisure centres, swimming baths, and family attractions.

Built from resilient Compact Grade Laminate (CGL), Curve is made to thrive in places where moisture, heavy footfall, and everyday knocks are part of the routine. The material shrugs off water, resists impact, and stays easy to clean, making it a reliable choice for changing rooms, busy washrooms, and wet-area facilities.

CGL Panel Material

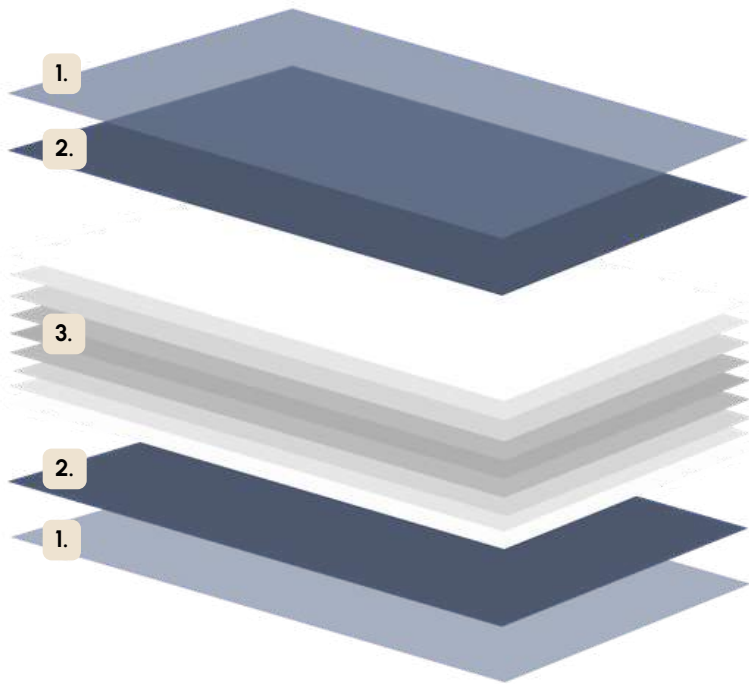

Curve cubicles are fabricated from 12mm Compact Grade Laminate (CGL).

Also known as Solid Grade Laminate (SGL), this material offers excellent performance in high-traffic environments, with strong resistance to impact, moisture, and persistent daily use.

Designed with longevity and style in mind, the Curve range is impact-resistant, impermeable, and easy to maintain, making it perfect for thriving sport and leisure settings that require long-lasting performance.

Compact Grade Laminate

Compact Grade Laminate (CGL) is made from multiple layers of kraft paper, impregnated with resin, then compressed under high pressure into a solid black core, ideal for washrooms with high-traffic and wet conditions.

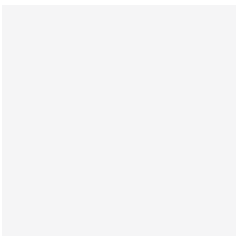

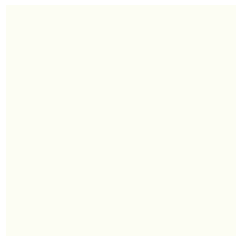

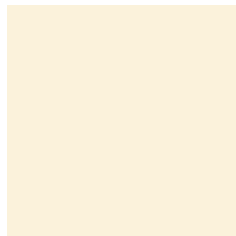

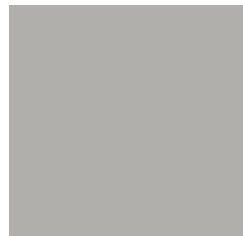

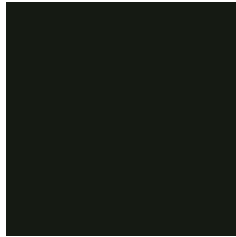

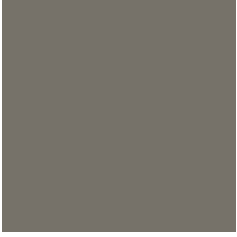

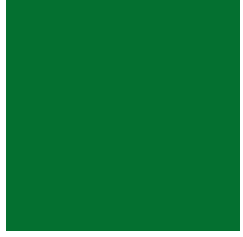

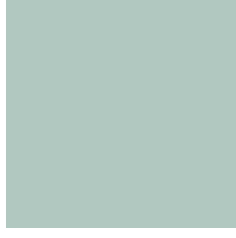

CGL Key

- 1. Melamine Overlay
- 2. Décor Paper
- 3. Kraft Paper (Approx. 50 layers)

CGL Colour Range by Fundermax

Fundermax compact grade laminates used in our Curve cubicles feature a fine eggshell finish with a smooth, tactile feel that enhances both appearance and user experience.

Ironmongery Fittings

Curve system ironmongery is available in a number of powder coated options as standard to match or contrast chosen laminate.

This includes:

- Hinges
- Indicator bolts
- Partition supports
- Brackets
- Coat hooks
- Headrails
- Pilasters

Our Standard Ironmongery Finishes

Other Powder Coated ironmongery finishes are available upon request.

Powder Coated Nickel

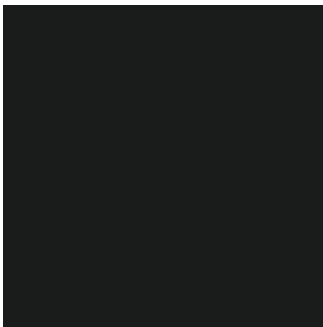

Powder Coated Copper Effect

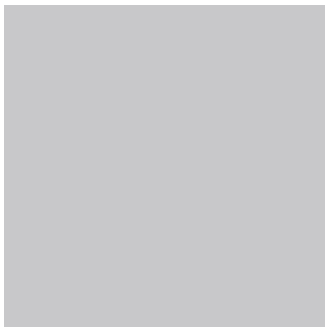

Powder Coated Bronze Effect

Powder Coated Brass Effect

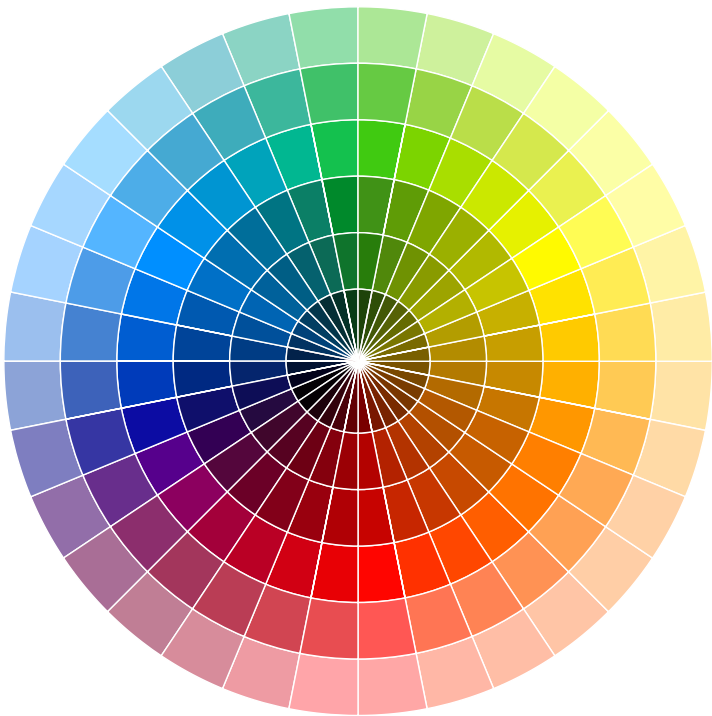

Powder Coated Matt Black

Powder Coated Matt Light Grey

Bespoke Ironmongery Finishes

For large-scale washroom projects featuring 20 cubicles or more, we offer the option to powder coat hardware to match any RAL colour.

This allows for greater design flexibility and to create a cohesive, custom finish that aligns perfectly with the wider interior scheme or brand palette.
