enquire about this range

Our Duct Panels for sport and leisure washrooms combine design and functionality, offering a discreet solution that keeps plumbing and services hidden.

Fabricated from Compact Grade Laminate (CGL), the panels are built to perform in busy, wet environments, delivering long-term durability and resistance to moisture.

To complete the look, these can be colour-matched to your washroom cubicles and vanities, with a wide selection of colours and finishes available to complement any commercial scheme.

The standard depth is 300mm, and has a 600mm panel width.

Full Height

Half Height

Features

- Multiple height options
- Different panel splits
- Crack resistant
- Impact resistant
- Moisture resistant
- Impermeable
- Chemical resistant
- Heat resistant
- Easy to maintain
- Colour fastness under artificial light
- Abrasion resistant
- Hygienic surface

CGL Panel Material

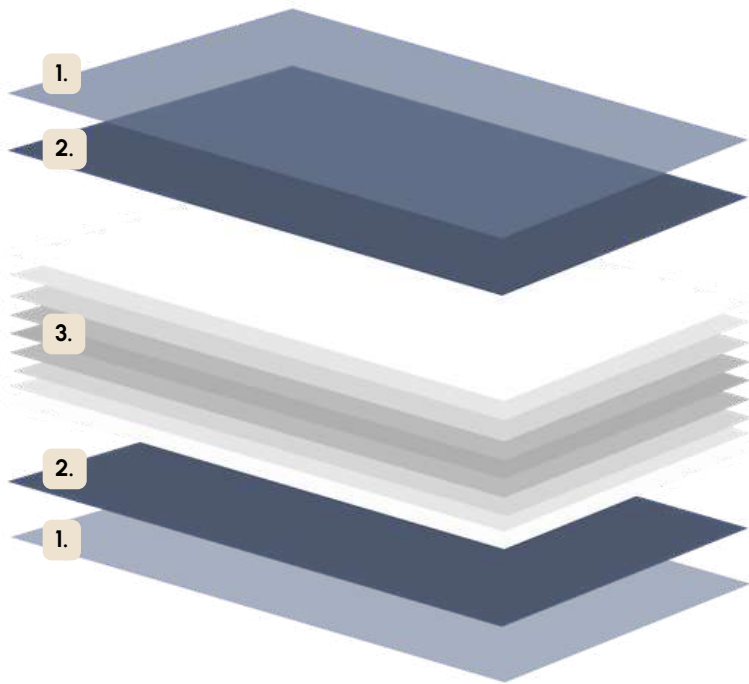

Our Duct Panel Systems are fabricated using 12mm Compact Grade Laminate (CGL).

CGL offers excellent performance in high-traffic environments, with strong resistance to impact, moisture, and daily wear making them an ideal system for use in busy sport and leisure environments.

Designed with longevity and practicality, the duct panel range demonstrates robust construction across a range of fixing options.

Compact Grade Laminate

Compact Grade Laminate (CGL) is made from multiple layers of kraft paper, impregnated with resin, then compressed under high pressure into a solid black core, ideal for washrooms with high-traffic and wet conditions.

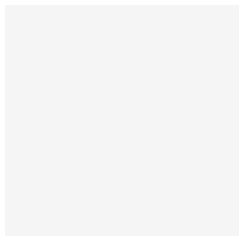

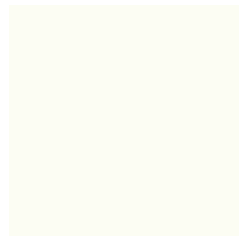

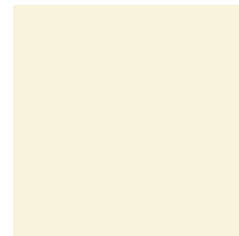

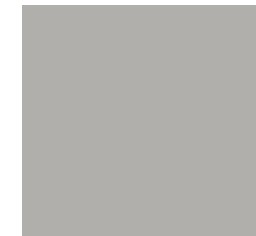

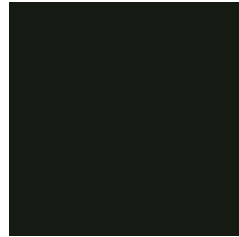

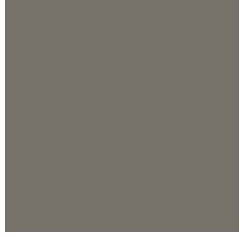

CGL Key

- 1. Melamine Overlay
- 2. Décor Paper
- 3. Kraft Paper (Approx. 50 layers)

CGL Colour Range by Fundermax

Fundermax compact grade laminates used in our duct panel systems feature a fine eggshell finish with a smooth, tactile feel that enhances both appearance and user experience.
