Force Privacy is a high-performance range of floor-to-ceiling washroom cubicles, ideally suited for hospitals, clinics and medical facilities.

The full-height design guarantees patient privacy and dignity, making Force Privacy a reliable solution for clinical washrooms, wards and staff facilities. Its non-porous CGL surface is easy to clean and maintain, supporting strict hygiene regimes and helping to simplify infection control procedures in high-traffic medical environments.

With a wide choice of colours and finishes available, Force Privacy can be specified to align with healthcare schemes, balancing durability with a considered, reassuring aesthetic. The result is a cubicle system that delivers privacy, resilience and peace of mind for both patients and staff.

CGL Panel Material

Force Privacy cubicles are fabricated from 12mm Compact Grade Laminate (CGL).

CGL is a robust material that is impermeable to moisture and easy to clean, equipping the Force Privacy system for the stringent conditions of healthcare washrooms, while still delivering a smart appearance.

Compact Grade Laminate

Compact Grade Laminate (CGL) is made from multiple layers of kraft paper, impregnated with resin, then compressed under high pressure into a solid black core, ideal for washrooms with high traffic and moist conditions.

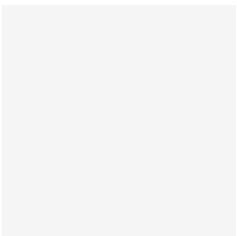

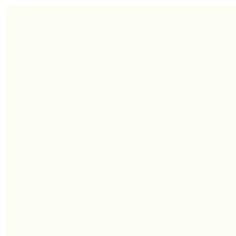

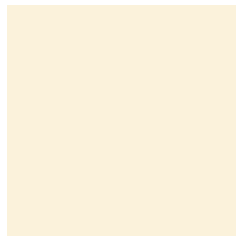

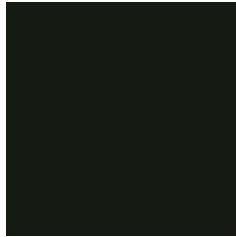

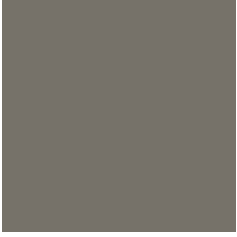

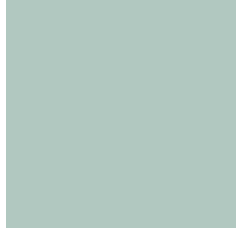

CGL Key

- 1. Melamine Overlay
- 2. Décor Paper
- 3. Kraft Paper (Approx. 50 layers)

Force Privacy Colour Range by Fundermax

Fundermax compact grade laminates used in our Force Privacy cubicles feature a fine eggshell finish with a smooth, tactile feel that enhances its appearance.
