HPL Panel Material

Reflect cubicles are fabricated from 19mm High Pressure Laminate (HPL), offering excellent performance in industrial environments, with a wide range of finishes to suit your design.

The Reflect range combines robust construction with sleek stainless steel accents, creating a truly distinguished washroom aesthetic built for busy transport hubs and heavy-duty industrial settings.

What Is HPL?

High Pressure Laminate (HPL) is bonded onto a substrate, offering high surface resistance to scratches, abrasion, impact and humidity.

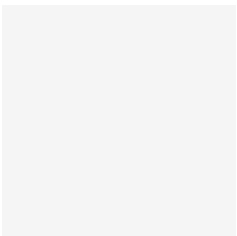

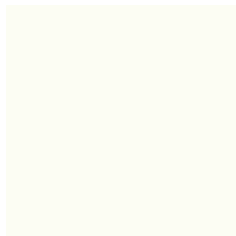

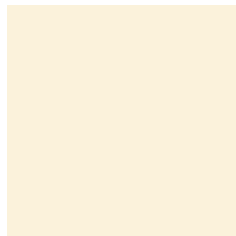

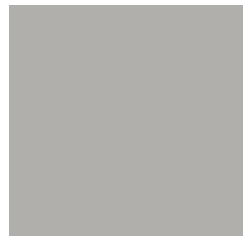

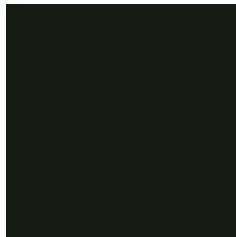

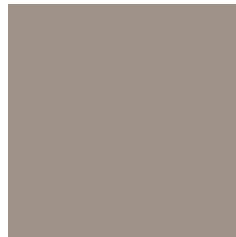

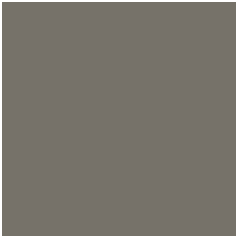

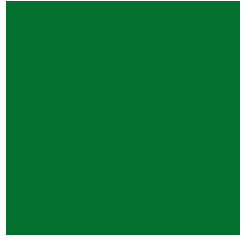

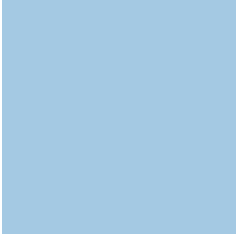

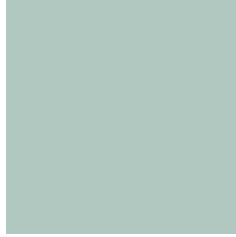

HPL Key

- 1. Melamine Overlay
- 2. Décor Paper
- 3. Kraft Paper Backing

Reflect Colour Range by Fundermax

Fundermax high pressure laminates used in our Reflect Cubicles feature a fine eggshell finish with a smooth, tactile feel that enhances both appearance and user experience.

Ironmongery Fittings

The Reflect range uses brushed stainless steel ironmongery for its cubicle system.

This includes:

- Rise and fall hinges
- Indicator locks
- Partition supports
- Brackets
- Coat hooks
- Headrails

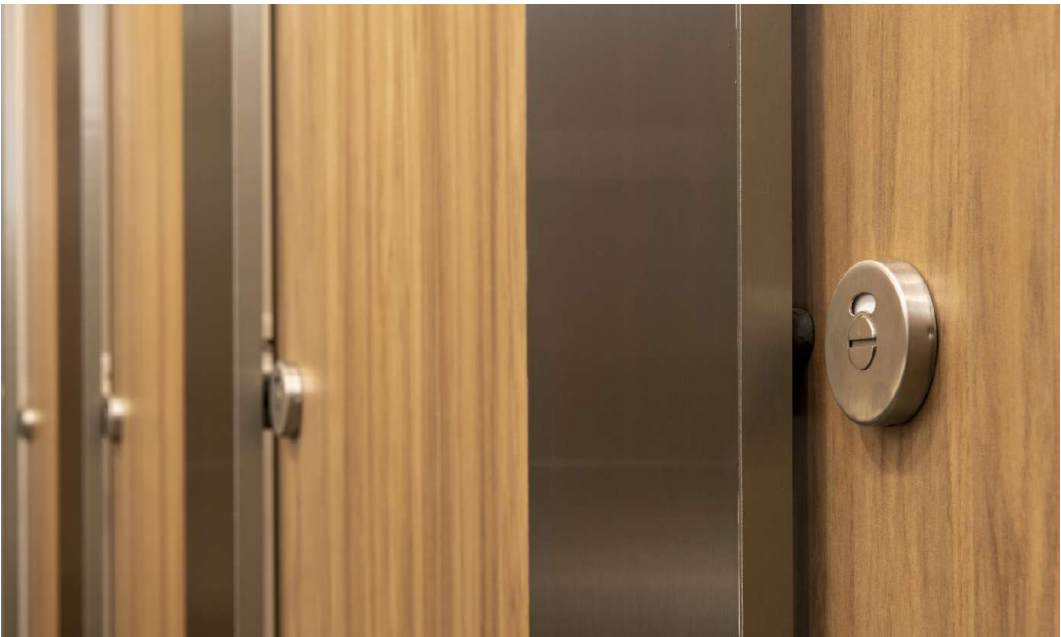

Pilasters are finished in a laminated stainless steel effect to match ironmongery.

Our Standard Ironmongery Finish

Suitable for commercial spaces such as offices, mixed-use environments, and high-end hospitality venues, satin stainless steel ironmongery is built for lasting impact.
